Subject: FW: EPA's Warning Letter-Return to Compliance for USC Norris Cancer Hospital

Hi everyone,

Please find the attached letter from US EPA, dated April 16, 2015, regarding their approval of our corrective action for the USC Norris Cancer Center's EPA ID number.

Per US EPA's request, pursuant to Section 3008 of RCRA, the Norris Cancer Hospital manifest the hospital generated RCRA hazardous waste under USC's Federal EPA ID number (CAT000617597) and immediately stop using the California EPA ID number (Cal000396462).

I will schedule a meeting shortly with the hospital and university staff to work on the detailed action plan.

Thanks and regards,

Michelle Lee, MSEM, CHMM
